Abuse

For abuse coverage a separate application is required as follows:

Long Form Application	All New Business (or when initially adding abuse coverage to a renewal) requires this type of application
Renewal Application	All Renewal Business where abuse coverage was provided will require this type of application
Overnight Exposures	This supplemental application is to be completed annually for any and all overnight exposures in
	addition to the above application(s)

Please Note: Receipt of a satisfactory application and abuse policies and procedures as approved by an IPE underwriter is required prior to binding coverage. An IPE may request additional information and/or another application Irrespective of the above statements.

APPLICANT ACKNOWLEDGEMENT

The Applicant acknowledges that the information contained herein and in any supplemental applications or forms required is true, accurate and complete, and that no material facts have been supressed or misstated. The Applicant acknowledges a continuing obligation to report to the Insurer as soon as practicable any material changes in all such information, after signing the application and acknowledges that the Insurer shall have the right to withdraw or modify any outstanding quotations and/or agreement to bind the insurance based upon such changes. If a policy is issued, the insurer will have relied upon, as representations, this application, any supplemental applications, and any other statements furnished to the Insurer in conjunction with the risk to be insured.

The undersigned, on behalf of the insured organization, acknowledges that any personal information provided in connection with this application (including but not limited to the information contained in this form) has been collected in accordance with applicable privacy legislation and this information shall only be used or shared by the Company to assess, underwrite and price insurance products and related services, administer and service insurance policies, evaluate and investigate claims, detect and prevent fraud, analyze and audit business results and/or comply with regulatory or legal requirements.
